DNS ERP & Leela Technologies & Innovations LLP sign an MOU to provide customised ERP solutions

An MOU was signed between DNS ERP Pvt. Ltd. and Leela Technologies & Innovations LLP (Leela) for providing highly customized ERP solutions for both domestic and overseas clients. The MOU signing Ceremony was held at the office of Leela Group Headquarters in Pune on Thursday, November 23, 2017.

This MOU envisages DNS ERP Pvt. Ltd. as the preferred partner for Leela across various locations in India and abroad. S. Mohan, Director, DNS ERP Pvt. Ltd. said at the MOU signing, "This is a major milestone for DNS ERP and a commitment to deliver the best ERP solution for the prospective clients with immense possibilities for empowering these clients with the best ERP solutions."

As part of the MOU, the benefits of this customized ERP are expected to reach about 2,000 prospects in a phased manner.

Speaking on the MOU signing ceremony, Mr. Mohit Agrawal, CA and Managing Director of Leela Technologies emphasized the need for IT enablement of various clients across all locations which will facilitate in faster response to the clients' needs. This facility will benefit the clients in lowering their inventory holding cost whereby they will be benefited by timely receipt of material resulting in better production planning and scheduling.

Mr. Mohan, through a demonstration of the DNS ERP system, highlighted the integration of the dedicated ERP for the prospective clients. The DNS ERP system will also enable the prospective clients who are vendors/suppliers to Multi National Companies, whereby once the sales invoice of the vendor is generated, an EDI (Electronic Data Interface) file is automatically generated from the system and gets uploaded on to the ERP system at the MNCs. This will facilitate in logistics as well as faster turnaround time of the vehicles carrying the vendor's material to these MNCs.
